

- Hydrology and hydrogeology
- Material Assets
- Noise
- Soil
- Water
- Interactions of the above

Please be advised that Environmental Health was not included at the Screening / Scoping stage of this application.

The EIS for the abovementioned proposed development in the above-mentioned area based on the documentation received has been reviewed by EHS. It is the opinion of the Environmental Health Service that the submitted EIS and all submitted documentation has been accepted as accurate for the abovementioned proposed development and therefore has no comments to make.

Yours Sincerely,

Jackie Kelly
Principal Environmental Health Officer

Re: The National Paediatric Hospital Development Board's application on behalf of the HSE for permission for the proposed development of a new 392-bed in-patient plus 53 day care bed children's hospital at Eccles Street, Dublin 7, to be known as the Children's Hospital of Ireland

Dear Sir/Madam,

The above Environmental Impact Statement was referred to Environmental Health Service on the 19 July 2011.

The following HSE departments were made aware of the consultation request for the proposed development on the 19 July 2011.

- Emergency Planning
- Estates
- Assistant National Director for Health Protection
- Regional Director of Operations (RDO)

The assessment is based solely on an assessment of documentation submitted to this office on 19 July 2011 by RPS Planning & Environment.

A site visit was conducted on 24 August 2011.

All commitments to future actions including mitigation and further testing have been taken as read and all data results have been accepted as accurate.

No additional investigations or measurements were undertaken.

We have reviewed the EIS under the following specific areas:

- Introduction and Description
- Non-technical summary
- Air Quality and Climate
- Human Beings
